### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Applicant's claimed ophthalmic lens care composition comprises specific ingredients in specific proportions. Applicant further provides criticality, commensurate in scope with the claimed invention, with respect to the use of phosphate and sodium chloride free solution and low levels of PHMB as compared to prior art compositions with phosphate and sodium chloride containing and levels of PHMB at least 4 times. Accordingly, the prior art of record does not suggest the claimed lens care composition and therefore the claims are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Necholas Ogden, Jr. whose telephone number is 571-272-1322. The examiner can normally be reached on M-Thu.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Harold Pyon can be reached on 571-272-1498. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
